

## **Staff Follow-up to questions from February LOC meeting**

### **Which LMEs have psychiatric inpatient (hospital) capacity?**

See Attachment #1

### **Which LMEs currently have:**

#### **(a) Facility-based crisis units?**

See Attachment #2 – **Please note** this information is based upon licensure data supplied by Division of Facility Services. It does not describe the types of crisis services offered, whether the facility is locked, the type of disability group served (MH, DD, SA – some or all), or whether all counties within the LME have access to the facility. The Services Gap Study that the Division is preparing should provide better detail, and should be available by the beginning of the short session.

#### **(b) Mobile Crisis units?**

This information is not currently available. The Services Gap Study that the Division is preparing should provide this detail, and should be available by the beginning of the short session.

### **What are the Medicaid rates for the new services?**

See Attachment #3

### **Information regarding Wake County's implementation of Crisis Intervention Teams (CIT) to train law enforcement officers to respond to persons with mental illness.**

See Attachment #4

### **Are there other states providing the 23 hour crisis chair in a non-hospital facility and receiving reimbursement from Medicaid?**

Information will be provided at the April LOC meeting.

### **Are other states receiving Medicaid reimbursement for facility-based crisis services for children?**

Information will be provided at the April LOC meeting.

### **How many consumers have been released from hospitals to homeless shelters over the past two months? How long did the individuals stay at the hospital prior to release to shelter? How do you track these individuals?**

See Attachment #5 regarding first two questions.

### **How many children have been taken from homes as a result of substance abuse?**

See Attachment #6

### **What is the State's policy on Homelessness?**

See Attachment #7
